

# Parent Circle

## 2023 - 2024

Please join us for a mid-morning get together where we explore the different domains/areas of your child's development. The Circles will be interactive, allowing you to connect with your child and additional supports to complement what you're already doing at home, as your child's first teacher.

Parent Circle is an opportunity for caregivers of children ages newborn to age five. This class helps build a community of support in the journey as your child's first teacher.

Every family will leave with an educational item that supports the Domain-of-the-Day!

**Join us at the Perry Walther Community Center in Bear Valley!**
